

GREAT AYTON PARISH COUNCIL - ARCHIVING & RETENTION POLICY

1 Introduction

1.1 A record is any information held by the Council and relating to any topic, area of work, decision reached, action taken or individual and regardless of the medium in which it is held whether in paper or electronic format.

- 1.2 The Council recognises that:
- Records are a corporate resource and a valuable asset
- Information has to be looked after properly
- A co-ordinated approach has to be taken to its management.

1.3 Responsibility for all records throughout their lifetime (from creation to disposal) shall rest with the Proper Officer of the Council.

1.4 Legislation now in place on information handling means that there is a need to manage information and to have an effective system for servicing the enhanced rights of access under the Data Protection Act 1998 (DPA) and the Freedom of Information Act 2000 (FOI). Reference should be made to the Council's Data Protection Policy, Freedom of Information Policy & Publication Scheme.

2 Policy Statement

- 2.1 The Council's policy is to:
- Manage its records in a systematic and planned way to minimise potential risks
- Ensure that it can control the quantity and quality of information generated from the time a record is created until its ultimate disposal
- Maintain information in a manner that effectively services its needs and those of its stakeholders
- Dispose of the information appropriately when it is no longer required
- Satisfy the provisions of the Code of Practice on the Management of Records issued under s46 FOI

3 <u>Retention of documents for legal purposes</u>

3.1 Most legal proceedings are governed by 'the Limitation Acts'. The Acts (notably the Limitation Act 1980) state that legal claims may not be commenced after a specified period. The specified period varies, depending on the type of claim in question. The table below sets out the limitation periods for the different categories of claim. The reference to 'category' in the table refers to claims brought in respect of that category.

Category	Limitation Period
Negligence (and other 'Torts')	6 years
Defamation	1 year
Contract	6 years
Leases	12 years
Sums recoverable by statute	6 years
Personal Injury	3 years
To Recover Land	12 years
Rent	6 years
Breach of Trust	None

3.2 Cognisance must be taken on the duty of the Council and in particular it's Proper Officer to retain certain information, for certain purposes and for certain periods of time.

4 <u>Record Maintenance</u>

4.1 Given the limited space to keep such documents it is necessary to review the Council's Policy on retention of its records and documents. Set out below are the minimum retention periods for which various types of records must be kept. These reflect statutory requirements, codes of practice and recommendations published by professional and other bodies. In the absence of such guidance, it shall be the responsibility of the Parish Clerk to determine a suitable retention period.

5 <u>Record Disposal</u>

5.1 The minimum volume of records consistent with effective and efficient operations should be retained. Unnecessary and duplicated records should be eliminated so saving storage costs as well as cost in terms of staff, time and equipment. Holding fewer records frees up both physical and computerised filing systems and makes valuable information easier to find. Greater use should be made of the Council's powers under S229 Local Government Act 1972 which allows for any requirement posed by statute on a Local Authority to keep a document is satisfied by keeping a photographic copy; interpreting this legislation in a modern day context, paper records can now be scanned and electronically archived and the original disposed of.

5.2 Records designated as no longer required must be securely disposed of to preserve confidentiality.

5.3 Any records designated as no-longer required but considered to have historical significance shall be the subject of consultation with the County Archivist and shall be kept in an archival institution if expert guidance considers such action appropriate.

5.4 Under the FOI, it is a criminal offence to tamper with any file once a FOI request has been made. If any documents which would require disposal under the above guidelines are the subject of an FOI request, disposal must be delayed even if the request has been refused, until the information has been disclosed and all appeal times/procedures have been exhausted.

This Policy will:

- Be publicised to staff and made available for reference
- Apply to all the Council's records regardless of how they are held
- Be reviewed every two years, amended and reissued as necessary and members and staff notified accordingly
- Operate in conjunction with Council's existing policies on Data Protection and Freedom of Information.
